The City of Norwich

If you have a friend with a persistent cough whom you think has any tendency to weak lungs, cut this out and send it to him.

This prescription is widely used in Mow England for breaking up severe coughs and colds, catarrh, bronchitis, and thereby preventing grippe, pneumonia or other serious and permanent lung trouble.

Get from your druggist a large bottle of Oxidaze (containing ninety tablets) and every two hours allow one of the tablets to slowly melt in your mouth so that its powerful healing julces, mixing with the saliva, will reach and heal the inflamed membranes, clear the thoroat of all dangerous germ life, loosen a dry, hoarse or tight cough, and by stopping the formation of phiegm in the throat and bronchial tubes quickly end the persistent "hang on" loose cough. Many a serious, possibly fatal, case of lung trouble or pneumonia can be prevented by the slimple use of Oxidaze in this way. And, as the tablets are pleasant and easy to take, are not at all, expensive, contain no harmful or habit-forming drugs, and as a cough or money back, no one who has a cough or money back, no one who has a cough or coid can lose by giving them a fair trial. Be sure to insist on Oxidaze and take nothing in its place. A single package taken now may easily save many dollars in doctors' bills in future.

That Depends.

SERV-US MINCE MEAT

be found, all of which are found in the United States with the exception of spices and currants. The study of of spices and currants. The study of packing condensed mince meat has extended over a period of 100 years and today is as near its perfection as we can possibly conceive. The sanitation in the factories in which it is packed is beyond reproach as the competition today in these lines necessitates the guarding of the most minute detail of the business. The apples used are of the best grade of New York State, where in our opinion is grown the the best grade of New York State, where in our opinion is grown the best flavored apple known. The raisins used are of the best quality seeded variety. No expense is considered in procurring the very highest grade of spices, and sugar, as we all know, is always sugar, the different grades merely representing the different flavors or different granulation required for different granulation required for different purposes. Every quired for different purposes. Every particle of fruit or any other article used in the manufacture of mince mea is thoroughly cleaned and hand-picked by people trained to know what should and should not be used and in this manner the article comes to the housewife cleaner by far than she could possibly take the same articles in her own kitchen, regardless of how clean own kitchen, regardless of how clean it may be, and make up the filler for her mince pie. The old idea of dirt being prevalent in quantity is today disputed by the greatest authorities on food products. The meat used in mince meat is of the choicest and today the same corn-beef which you and I would use on our table is what is being used in Serv-us Mince Meat. There are very few pies made which can be used as handily by the housewife as mince meat for all it requires is a little water and being heated for ten minutes and it is ready for the crust and then the table and she may without fear of loss carry three or four packages of mince meat in her pantry, having it ready at any time for the chance occurrence of unexpected company and it will be a good ed company and it will be a good dessert free from dirt. It is our thorough belief that a mince meat ple made from condensed mince meat is about as cheap a dessert as can be prepared and yet as good. prepared and yet as good.

For many years mince meat was considered a winter dish. Each year for the last ten our factory has had to increase its capacity during the summer months until today it runs every day of the year with a regular force of helpers. We ship goods to every part of the country the entire year. This of course means a great increase in the use of these goods over when mince meat was eaten only in when mince meat was eaten only i he winter months which means an in-

reased sale over the former winte

Eastern Connecticut Banquet

BE PRINCIPAL SPEAKER

The most signal success we ever | for favorable comment from the many ad, said the manager of one of our eading clothing stores on Wednesday leading clothing stores on Wednesday night when asked what he thought of Doilar Day and this seemed to be the unanimous opinion of nearly all the merchants and business men who joined the Dollar Day movement. As a trade drawer the value of Dollar Day cannot be overestimated. Not only did Dollar Day bring an unusually large number of out of town traders to Norwich but the throngs of shoppers who crowded the stores from early morning until closing time at night left for home well pleased with their purchases.

from early morning until closing time at night left for home well pleased with their purchases.

That Norwich is the logical trading centre for eastern Connecticut was emphatically demonstrated through the Dollar Day movement. Attractive window displays greeted all who chanced through Main street and the variety of goods shown and the unusual values offered were just cause

PLAINFIELD SPEAKER AT LINCOLN DAY BANQUET Rev. W. A. Keefe Participated in Pro gramme at Annual Banquet of Nor walk Catholic Club.

The 19th annual Lincoin day banquet of the Catholic club of Norwalk was held in the Royal James inn on R. Branche from Joseph T. Crutten-Monday evening. Numbered amongst den, president of the Eastern Conthe speakers were Rev. William A necticut Development committee and Keefe of Plainfield, Mayor Carl A. Harstrom and Rev. Ernest F. McGregor of Norwalk and Homer S. Cummings of

Commenting on the banquet, the Norwalk Hour said: The stirring remarks of Father Keefe, who spoke on The Church, and who made reference to the patriotism Keefe, who spoke on The-Church, and who made reference to the patriotism and ideals of Catholics, sent a thrill through every one within hearing. He delighted his hearers by his wealth of historical knowledge, which was an important feature of his address. Presenting the picture of Mahen's Irish volunteers at Gettysburg as one of the shining examples of Catholic patriotism and devotion to country, he told shining examples of Catholic patriotism and devotion to country, he told his hearers that it was part of Catholic principles to be patriotic, "to render first to God the things that were

God's and to the country the things that were the country's."

Continuing, the speaker said: We Catholics need no inspiration to spur us on to patriotic zeal for American welfare. Our church is the oldest and most patriotic organization in United States of America. She taught to Columbus, "the church bearer," the noble ideals that made him the discov Imerican progress.
Father Keefe referred to the part

tutions and its devotion to the princi-ples of Christian education. At the conclusion of his remarks he was enthusiastically applauded. STEREOPTICON LECTURES AT COMMUNITY CLUB Audience of 125 Entertained by County \*Agent F. C. Warner.

which the Catholic church had taken in the upbuilding of American insti-

schoolhouse on Wednesday evening an attractively arranged entertainment programme was excellently carried out before a large audience.

The first number was a duet, violing and plane, by the Misses Canfield; and then followed a stereonticon lecture on the second lines from the New York, New Haven and Hartford Railroad company and the Central Washington at Mount Vernon. Includ-ed in the slides were pictures of George Washington tomb, the house at Mount Vernon, gardens at Mount Vernon and the Washington monument at Washington, D. C. The lecture was given by F. C. Warner, agent of the New

ing about March 1. There 125 present at the meeting. There were about
